# THE ARCH BRIDGE

## Construction

The Arch Bridge across the Connecticut River, connecting the Villages of North Walpole in New Hampshire and Bellows Falls in Vermont was built in the winter of 1904-05 from scaffolding erected on the river ice. It was built by Louis Shoemaker & Co., of Philadelphia at a cost of \$44,939, and opened to traffic on March 20, 1905.

When built it was the longest single arch suspension bridge in America. Described as a three hinged arch, it was 540' long and 32' wide, and the highest point 70' above the roadway, with a 110' arch truss spanning the railroad on the Vermont end. When new, the bridge design was rated at 12 tons.

In 1927 the water level of the river was raised 12 feet or more by the new dam put in place to increase power production.

The Arch Bridge was closed to traffic in 1936 due to ice jam on the river and damage to steel bridge members.

Two end panel of arch trusses were removed and abutments raised 17 feet from 14 feet below high water to 3 feet above. This shortened the span of the bridge by 54 feet. The roadway was widened to 21.25 feet and sidewalks narrowed to 5 feet.

The Arch Bridge is listed in the Historic American Engineering Record, and was eligible for listing in the National Register of Historic Places.

From the Engineering Consultants 1971 Report:

"The arch truss, without making any reduction for deterioration, has no capacity at all for live load because of the limited capacity of several of its members. Under dead load alone, the stresses in these members exceed allowable stresses."

DEPARTMENT OF REVENUE ADMINISTRATION

Selectmen of Walpole  
Walpole, N.H. 03608

November 22, 1982

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1982 taxes on the basis of the following figures.

Net Assessed Valuation \$88,066,900.00

Taxes Committed to Collector

Town Property Taxes Assessed	\$1,690,884.00
Precinct Taxes Assessed	<u>94,779.00</u>
Total Gross Property Taxes	\$1,785,663.00
Less: Est. War Service Tax Credits	<u>13,750.00</u>
Net Property Tax Commitment*	\$1,771,913.00

Tax Rate - Town	1.92
North Walpole Village District Precinct	.24
Walpole Fire District Precinct	.06
Walpole Water District	.07

\* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriation.

The net amounts approved for school, county and precinct are indicated below. These amounts are the total monies which should be transferred to each of these units of government.

Net School Appropriations	\$1,256,542.00
County Tax Assessment	173,942.00
North Walpole Village Dist.	40,593.00
Walpole Fire District	38,113.00
Walpole Water District	10,000.00

In arriving at the above approved rate, the Overlay has been set in the amount of \$52,854.00.

Very truly yours,

Lloyd M. Price, Commissioner

REPORT OF THE LIBRARY TRUSTEES

1982

It has been a busy and fruitful year at the Bridge Memorial Library. Book circulation - adult and juvenile, fiction and non-fiction - has been increasing steadily.

The installation of a book drop this year seems to have fulfilled an important need for many library patrons and may account for the increase in circulation. While the Library is open afternoons daily except Sunday, this makes book return possible on any day at any time.

We were very pleased to receive a grant of \$500.00 from the Ira S. and Gertrude S. Hubbard Fund of the New Hampshire Charitable Trust in November, 1982 for the purchase of books to be added to the Library's Biography and History Collection. This is of particular significance because the regular budget cannot be stretched to include such extensive non-fiction purchases.

The Trustees are grateful to the Friends of the Library for their continued support and the on-going gift of Time-Life Library of America Classics. This gift is indeed a desirable addition to the Library.

Wednesday afternoons, while school is in session, continue to be a bright spot in the week for the Kindergarten through Third grades. They seem to thoroughly enjoy the films that are shown and the atmosphere of the Library. Many of the children form the early habit of frequent visits to the Library and their selection of books along with this program which we hope will establish a life-long pattern.

At the North Walpole Library we are fortunate to have Mrs. Rose Werden as librarian. It is open from 2:00 to 4:00 every Tuesday, Wednesday, and Saturday afternoon and both libraries are available to all residents of the township.

The copy machine is available at a small fee at all times that the Library is open - to all residents. Current magazines and periodicals, cassettes and pamphlets may be borrowed or read at the Library by those people who would like to just come in and browse.

Respectfully submitted,

Dorothy Y. Hoblock, Chairman

Bridge Memorial Library

We, the auditors of the Walpole Fire District, have examined the records of the District and find them to be correct to the extent of the records provided, and as reported in the Treasurer's report.

REPORT OF THE WALPOLE FIRE DISTRICT COMMISSIONERS

The Annual Meeting of the Walpole Fire District will be held at 8:00 P.M. on March 17, 1983 at the Town Hall. We hope as many as possible will attend this meeting. Please bring this Town Report with you.

At the 1979 District Meeting an article to appropriate two thousand dollars for a down payment on the purchase of a new Fire Station site was passed. This was brought about by the recommendation of the committee to study the needs of the District.

Your Commissioners have examined many potential sites narrowing the choices and entering into serious negotiations on three locations. The first of these, being about three acres, looked good from the point of location and size but had to be abandoned when preliminary soil tests showed the presence of clay in such volume as to render the property unworkable for our purposes. The second parcel considered was a part of an eight acre tract proposed as a multi-use project including a Fire Station, a Highway Garage, and another recreation field. This project needed the cooperative approval of several other Town Administrators. The Commissioners were unsuccessful in gaining this approval and therefore abandoned this site. However, we have negotiated a purchase agreement with R. N. Johnson on one and one half acres at the corner of Turnpike Street and Maplewood Drive, between R. N. Johnson's Small Machines and Hicks' Machine Inc. While this parcel is not as large as the other two considered, the fact that it is 100% usable makes it fully as desirable.

Under Article 7 of the Warrant we will be asking for an appropriation of forty thousand dollars to be raised over the next three years for the purchase of this land. It is the hope of the Commissioners to acquire a site and have it paid for well in advance of the need to construct a new station. In this way we can examine all possible types of facilities available and thereby get the most value for the cost.

We are very pleased to report that the resulting savings produced by the insulating and siding project have been every bit as great as anticipated. We find that we have decreased our oil consumption by about 70%.

Again as last year we must report that our numbering project is still incomplete, however, we can report substantial progress from last year's position. We examined the possibility of using a computer in this project and found that it was not practical for our needs. The information compiled in book form has been transcribed onto a two roll "Rolodex" card file which will make it most useful and easier to update. The next step will be to put this information in a form that can be microfilmed by the Mutual Aid Center and the project should be operational.

We thank the Members of the Fire Department and the District Officers for their cooperation and fine work throughout the year.

Respectfully submitted,

William J. Webb  
Roger B. Santaw  
Randall P. Daniels  
Commissioners

Walpole Fire District Commissioners

Dear Sirs:

1982 was a quiet year for the Fire Department.

We answered 69 calls compared to 91 in 1981. We did not have a fire that could be classified as building fire this year. Our calls were as follows: 18 chimney, 12 rescue, 8 alarms (Applewood etc.), 4 auto, 2 electric, 2 mics., and 23 Mutual Aid calls. Chimney fires are on the increase, but with use of wood like it is this is to be expected.

Our Training Program is progressing very good. Hubbard Farms donated money for training this year. This money was used for a State certified class on safety procedures. Some members attended schools in Meadowood and Hanover, plus our own good training program we have here in Walpole. We have an excellant pump training area at the Drewsville Airway thru the cooperation of the Frank W. Whitcomb Const. Co., plus the use of the Barr property as granted by the Selectmen of the Town of Walpole.

I am very pleased that the Commissioners have located a new site for the Fire Station that I hope will be acceptable to the voters of the District.

I would like to thank Commissioner Santaw for donating his labor to paint the interior of the Fire Station.

Our equipment is in very good condition at this time.

I would like to thank the Commissioners, members of the Department, at this time for their cooperation this past year.

Respectfully submitted,

George Hurlburt Sr., Chief

In 1982, 2 trips to the Coachlite Theater in Connecticut were made in addition to a foliage trip and shopping spree. Bus transportation in the amount of \$1,922.00 consumed most of the allocations received from the Town of Walpole and other receipts. Meetings are held the 3rd Monday of each month. Every Friday, several carloads journey to the Yankee Lanes in Keene for 3 strings of bowling and a pleasant get together at lunch after bowling. "Pirate" bingo and card parties are also held each month. At Bazaars this year, \$331.00 was raised by the Senior Citizens.

Each year our list of members is increasing. If you are an eligible person, please plan to attend our activities and give us your support.

## REPORT OF THE HOOPER INSTITUTE

The major focus of Hooper Institute activity during 1982 has been its educational programs. These have reached the children and adults of Walpole and North Walpole through school and community programs.

In the schools, the Hooper Institute worked with teachers and students in a diversity of subjects. During winter, we tracked animals on snowshoes. We started flower seeds in the classrooms and transplanted them outdoors to beautify the Primary School. We studied gypsy moths and non-flowering plants. We watched birds on spring nature walks.

Two projects occupied many weeks during the winter and spring. The Connecticut River watershed was the focus for studies of the human, biological, and geologic history of the valley. Tales of log drives, creeping glaciers and abandoned mines captured our imaginations. A project to study Farming and Forestry in the Connecticut Valley included field trips to places where people make their living. We visited a sheep farm, an oxen and logging operation, a sawmill, a maple sugar house, a Christmas Tree Plantation, a commercial greenhouse, a beekeeper, a chicken and egg operation, and a dairy farm.

The Turkey Club meet after school weekly, and explore different locales in Walpole. There were weekend excursions on ski and snowshoe, climbs up Fall Mountain to hawkwatch and a fall foliage hike up Mt. Monadnock. Garden Clubbers rambled the Hooper woods in search of spring wildflowers. Boy Scouts worked on merit badges and skill awards. The Senior Citizens and Friends of the Library viewed slide shows.

The Hooper Institute again sponsored a six week summer recreation program. The popular Junior Naturalist program met weekly. Older children and adults participated in local trips. These included a wilderness safari on Fall Mountain, numerous bike-hikes, the mines of Alstead and a mine on Mt. Monadnock. Further afield, we visited many State Parks including Rhododendron, Sunapee and Pisgah. Two excursions focused on the Connecticut Valley. We paddled our canoes on the river and visited St. Gaudens National Historic Site. Farthest afield, a hardy group tackled three days of hiking in the White Mountains.

The Hooper grounds have really begun to flourish. The community Gardens had another productive year thanks to the generous help of Henry Fletcher and Jim Johnson. The fruit trees bore their first apples. After seven patient years, the first crop of Christmas trees was harvested in 1982. Beginning in October, the Hooper Institute building has hosted a small woodworking shop available for use by the members of the community.

Thanks to everyone who helped the Hooper Institute have a very successful year.

Respectfully submitted.

The Recreation Area Development Committee is grateful for the financial support received over the past two years in the form of private cash donations and to the Frank W. Whitcomb Construction Co. for the work completed in December on the site which included the grading and completion of the gravel base for the basketball courts and the tennis courts.

The Town has received formal approval for matching Federal assistance from the Land and Water Conservation Fund for \$96,800.00. Further application for an additional \$35,000.00 matching fund grant was denied due to lack of funds.

Due to higher than anticipated cost for the pool facility, it was necessary to defer construction on the entire project. The committee now anticipates that construction can be initiated in the spring of 1983 and hope that most of the planned facilities will be in operation by midsummer of 1983 providing sufficient additional private donations can be raised.

We appreciate your cooperation.

## REPORT OF THE WALPOLE PLANNING BOARD

Nineteen Eighty Two was another busy year for the Walpole Planning Board. Although subdivision activity has declined somewhat from previous years, the Board has been occupied with several other matters of concern to the Town.

During 1982, the Board approved 8 subdivisions, creating a total of 19 lots as compared with 10 subdivisions, creating 29 lots in 1981. In addition, the Board approved 5 boundry adjustments between existing lots.

In the spring of 1982 the Planning Board amended its subdivision regulations in order to assure that they conform to state law. These changes deal primarily with the Boards procedure in handling subdivision applications. These amendments also created a simple mechanism by which boundry adjustments can be considered, a procedure that the Town has lacked in the past. The Board's application fee system was also altered to better reflect the actual cost to the Board of processing applications.

Acting upon the vote at the 1982 Town Meeting, the Board has also developed and adopted regulation for Site Plan Review of new multi-family and nonresidential development. Under these regualtions, the Site Plans for all new multi-family (except one and two family homes) and nonresidential developments must be reviewed and approved by the Planning Board. The Board will consider such factors as landscaping, lighting, traffic safety, and drainage among others to determine that the proposed development has been suitably designed for the site.

The other major work efforts of the Board in 1982 was the beginning of work on the Master Plan which was mandated by the voters at the 1982 Town Meeting. Thus far this work has concentrated on gathering information on the past development of the Town as well as the existing situation relative to population, land use, housing, community facilities, roads, traffic, etc.. This "homework" phase is expected to be completed by mid-spring at which time the Board will begin work on the Master Plan itself. At this point, the Board will actively solicit public imput as to the future of Walpole.

The Southwest Region Planning Commission, which Walpole joined for the first time in 1982, has been very helpful in assisting the Board with this undertaking and we look forward to future help as the Plan progresses.

The Planning Board now meets twice each month. Regular business meeting are held on the second Tuesday at 8:00 P.M. in the Town Hall. Special meetings, reserved for work on the Master Plan, are held on the fourth Tuesday at 7:30 P.M., also in the Town Hall. The public is encouraged to attend all Board Meetings. Representatives of the Board are also available to speak with interested groups concerning the Board's work.

# Demolition

Our famous 79 year-old Arch Bridge, built in 1904-05 for horse and wagon traffic, closed by the State Engineers in 1971 "due to structural deficiencies", persisted in its majestic stand even after demolition experts exploded carefully placed charges of explosives on the great arch and at the end.

Nothing happened except the smoke from the explosives rose into the sky and the bridge stood firm as always.

Again, larger charges were planted and again an ear-numbing blast. The bridge stood, firm, straight and true. No sag. No wobble. No tilt. What a bridge.

An estimated 4,000 spectators watched with love and pride as our famous Arch Bridge stood firm and true in defiance of its tormentors.

Our people cheered. We love our bridge.

The destroyers left the field, leaving the majestic bridge a proud victor.

Another day the determined demolition squad slipped back with only 1,500 people on hand to watch two more blasts -- to no effect.

Two rousing hurrahs from the crowd. Our bridge persisted in linking our two towns -- Rockingham on the West in Vermont and North Walpole on the East in New Hampshire.

Finally workmen with blowtorches weakened a main supporting member at one end and the bridge twisted gently, swayed over onto its side and plunged into the cold waters of the Connecticut below.

The Christian Science Monitor summed up -- "The National Historic Trust could not save it. But in a sense the Arch Bridge saved itself. By lasting two days and four blasts longer than intended, it became a legend that will last for years."

The 486 foot span completed in 1905 was, when built, the longest single span arch in U.S.A.

Declared structurally unsound by engineers in 1971, it was closed to vehicles.

Last year pedestrians were judged to be an unsafe load.

The National Historic Trust delayed demolition and tried to gain support for its preservation as a first example of its particular kind of suspension and arch configuration.

There was much support for preservation, but as costs were evaluated for restoration and modern heavier traffic demands, there proved to be no way the millions needed could be secured to preserve the Arch Bridge.
